

Incoming Students and Parents,

Welcome to Manual High School! As you will soon find out, the majority of our students participate in an extracurricular activity in addition to their regular academic load. It is our belief that Manual High School's combination of academics and activities is unmatched in the state of Kentucky.

Manual offers 27 athletic programs, in which there are 50 levels of competition (varsity, junior varsity, and freshmen). During the 2019-20 school year, there have been over 700 individual students participating on one of our athletic teams, nearly 40% of Manual's entire student body. If athletics is not your interest, then get involved in one of our many student clubs and organizations.

Studies have shown many benefits of participation in extracurricular activities. Some these include:

- Participants have a better connection to the school verses students that do not participate.
- Participants perform better academically verses students that do not participate.
- Participants have a better attendance rate verses students that do not participate.
- Participants have less disciplinary problems verses students that do not participate.
- Participants have a better support system in place at school (coaches, sponsors, etc.).

Participating in activities at Manual is not easy. It takes determination, commitment, and personal sacrifice from the student. It also takes a tremendous amount of support from family, friends, and faculty. It is this support and commitment that allows our extracurricular activities to thrive.

On behalf of the athletic department, coaching staff, current students, alumni, and support staff, we welcome you to duPont Manual High School. We are glad you are here! Go Crimsons!

David Zuberer  
Athletic Director

## ACADEMIC ELIGIBILITY REQUIREMENTS FOR ATHLETES

### Semester eligibility is based on the following:

- Student must be in proper grade level. All incoming freshmen are initially eligible to participate in the fall.
- During previous semester, student must pass 6 classes.
- During previous semester, student must pass at least one each of the following core content classes: **Math/English/Social Studies/Science**.
- During previous semester, student must have a 2.0 GPA or better.

### 6-Week Progress Report Eligibility

- Any student falling below the eligibility requirements on his or her progress report must attend Study Skills for a 15 day period, Monday-Friday from 2:30 – 3:30 pm. During this period, the student-athlete may participate and play. Failure to attend study skills will cause the student-athlete to be **INELIGIBLE FOR THAT DAY**.
- At the end of the first 15 day probationary period, any student-athlete who is still below eligibility requirements must attend Study Skills for an additional 15 day period. During this period, the student-athlete may continue practicing but is **INELIGIBLE** for competition.
- If the student-athlete is still below the eligibility requirements at the end of the second probationary period, he or she may continue practicing but is **INELIGIBLE** for competition for the remainder of that semester.
- Student-athletes will be permitted ONE probationary period PER SEMESTER.
